### The Role

We're looking for an experienced J2ME/Android developer for our Malmö studio. You'll easily fit into a team of highly experienced and skilled developers, adept at applying their expertise to the small screen of mobile and other digital platforms. As an ustwo™ Android developer you'll have a passion for development for a range of digital platforms including mobile, TV and beyond. We at ustwo™ would be pleased to see if you create your own personal projects and creative outlets.

### Experience/Skills

Required:

- Training in development (or relevant subject)
- Proven professional experience in development for mobiles
- You are an advanced Java developer
- Professional experience in working with J2ME
- Experience in working with Android, as long as you have experience in J2ME it is sufficient if you are self taught in Android.
- Able to work well within limitations
- Able to lead and drive projects and motivate colleagues
- Passion for developing UI and interaction

Desired:

- Experience with web services, XML, UML, 3D, J2SE, J2EE, Javascript, PHP, Ant and Trac
- Experienced in working with several devices with different characteristics
- Experience in test driven development
- Experience with working with SCRUM and Agile
- Experience of developing UI and interaction

### Studio requirements

- Excellent written and verbal communication skills in english
- Passion and self-initiated drive
- Desire to be the best
- You're social and enjoy being part of the team

- You want a job that is more than 9-5

### **Personal profile**

- Very important that you produce neat and well documented code
- Ability to work in a fast-paced environment with a minimum of supervision
- Very precise and detail-oriented person
- Passionate for development
- Task oriented and organised
- Creative

### **What we offer**

- Work with a studio that is at the forefront of digital design over a multitude of platforms
- Be a part of a studio that is varied, and employs a complete range of super talent, so you learn a lot from different experiences
- Be part of a truly innovative studio that's interested in pushing the boundaries of digital design
- A platform for the strongest to shine
- Work in the freshest studio in Malmö
- Become a part of the UI partnership with a leading phone manufacturer (without the constraints of a large multinational)
- Work with cutting edge technology, experiment with prototype UI/ID as they are being developed
- A future with a fast growing creative design studio...
